PROFESSIONAL EXPERIENCE

Garanti BBVA via VBT – Site Reliability Engineer; Türkiye

March 2026 – Current

- Contributing to the reliability, scalability, and performance of banking systems within the Garanti BBVA project.
- Automating infrastructure and deployment processes to improve system stability and operational efficiency.
- Monitoring system health and performance metrics to ensure high availability and proactive incident management.

Akbank via Veripark – Senior Backend Developer; Türkiye

July 2024 – March 2026

- Designed and developed high-performance SOAP, REST, and gRPC services using Java Spring Boot, including the segregation of Forex services and REST conversion initiatives.
- Modernized the codebase by migrating legacy applications from .NET Framework to .NET Core, utilizing the latest .NET 8.0 standards.
- Managed application lifecycles via OpenShift, Kubernetes, and Docker, while implementing robust error analysis and log tracking utilizing Kafka and MQ.

Doruk Automation – Senior Software Engineer; Türkiye

January 2021 – July 2024

- Development of cutting-edge software solutions that optimize manufacturing processes and drive operational efficiency in Industry 4.0 MES/MOM company.
- Strong background in developing and integrating software systems for real-time data collection, analysis, and visualization, enabling seamless connectivity between machines, sensors, and enterprise systems.
- Utilized Azure DevOps Server to streamline collaboration, automate builds and deployments, and effectively manage the development lifecycle of projects.

Monovi – Analyst Software Developer; Türkiye

July 2020 – January 2021

- Implemented T&T systems and provided 24/7 software support for JTI, managing the full incident lifecycle from reporting to resolution in accordance with SLAs.

EDUCATION

Yasar University, Computer Engineering, Master of Science (MSc) | Türkiye | June 2023

Concentrations: Optimization Problems, Heuristic Algorithms, Artificial Intelligence, Machine Learning

Published Paper: "Job Scheduling Optimization" ([IEEE Xplore](#))

GPA: 3.65 / 4.0

Yasar University, Computer Engineering, Bachelor of Science (BSc) | Türkiye | June 2020

TECHNICAL SKILLS

Programming Languages: C#, Java, Python, SQL, T-SQL

Backend & Frameworks: .NET 8.0 / Core, Spring Boot, ASP.NET MVC, WCF, Entity Framework

Cloud & DevOps: OpenShift, Kubernetes, Docker, Azure DevOps, CI/CD, Git

Messaging & Integration: Apache Kafka, MQ, gRPC, REST, SOAP

Concepts: Microservices Architecture, Agile/Scrum, SDLC

AI & Data: Machine Learning, Optimization Algorithms, Artificial Intelligence

LANGUAGES & INTERESTS

Languages: Turkish (Native), English (IELTS 6.5 - Advanced), German (Beginner)

Interests: Hiking, Chess, Fitness, Reading, Video-editing
